**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. The application has been amended as follows:

In the Claims

Due to the allowability of claim 1, withdrawn claims 5-7 have been rejoined as follows:

--5. (Currently amended) The structure according to Claim 1, wherein the knife seat comprises two lugs protruding from a front surface thereof, each of the lugs includes a semi-circular pivoting slot, and the base comprises a pair of slots corresponding to the lugs, the slots of the base each comprises a fixing shaft shafting for pivotally connecting within the corresponding pivoting slot.

6. (Currently amended) The structure according to Claim 1, wherein the knife seat comprises two lugs protruding from a front surface thereof, each of the lugs includes a circular pivoting slot, and the base comprises a pair of slots corresponding to the lugs, the slots of the base each comprises a fixing shaft shafting for pivotally connecting within the corresponding pivoting slot.

7. (Currently amended) The structure according to Claim 1, wherein the knife seat base comprises two ribs formed therein, and the base comprises a resilient member mounted to cooperate with each of the ribs, the resilient members each including a devices include plate spring or a spiral spring.--.

Due to the allowability of claim 1, withdrawn claim 9 has been rejoined as follows:

--9. (Currently amended) The structure according to Claim 1, wherein the base includes at least one resilient member and the knife seat includes two ribs therein, the resilient member is aligned with one of the ribs and includes a plate spring or a spiral spring.--.

In the Specification

Page 4, line 12, --to be-- has been inserted before "placed".

Page 5, line 15, --a-- has been inserted after "perform";

line 22, "difference" has been changed to --a different--.

Remarks

3. The above claims have been rejoined and are allowable based on their dependence from allowable claim 1. The above changes have been made to correct informalities and/or for further clarification.

Additional Prior Art

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The newly-cited prior art disclose inventions which have features similar to the claimed invention. However, these inventions, each taken alone or in combination with the prior art of record, do not teach or fairly suggest the claimed invention

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

The prior art of record, either taken alone or in combination, does not teach or fairly suggest the claimed invention. For example, the prior art of record does not teach or suggest the claimed combination of a knife seat and a base, the base including a cutting board as claimed and being pivotally connected with the knife seat as claimed, wherein the knife seat includes a blade vertically installed thereon, and wherein the knife seat further comprises a notch (that is, a recessed portion as disclosed) that includes two inclined surfaces, a curved surface interconnecting the inclined surfaces, pressing plates as claimed, and receiving slots that receive the blade as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
